ORDER

ANDREW J. PECK, United States Magistrate Judge:

Trial (jury) is scheduled for December 14, 2009 at 9:00 a.m. sharp. While counsel have estimated 5 days for trial, the Court anticipates it will move much faster than that, and counsel are directed to have sufficient witnesses available each day to fill the complete trial day.

If counsel want the Court to rule before trial on their objections to each other's witnesses, they should promptly contact my secretary (at 212-805-0036) to schedule a final pretrial conference. Counsel must bring all discovery material relevant to the objections to the conference (and/or trial).

SO ORDERED.
